Discover & Do Activity 1 – Were you listening carefully?

10 mins

Listening is the receiving, retaining and processing of information or ideas.

Part 1: Fill in the missing key information from the sentences below.

- *Adam works as a …………………….. . This job is in the …………………….... industry. One of the things he likes most about his job is ……………………………………………………………………………………………….*

- *Adam uses Maths in his job. This helps him because ………….……………………………………………………………...*

- *Adam uses lots of skills in his job including ………………………….. . This skill is important for this job because ………..………………………………………..……………………………………………………………………………….. ………*

Part 2: Talk to two or three people around you about what surprised you most about Adam the Game Developer, his job and the skills he uses.

Discover & Do Activity 2: Design your own computer game
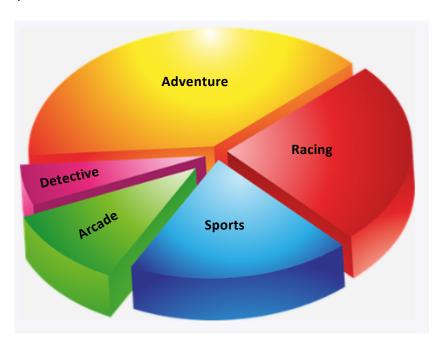

🕑
15-20 mins

Think of an idea for a new game based on the information provided
in this pie chart (you don't have to pick the most popular theme).

When designing your game, think about:

✓the rules of the game
✓the setting
✓story and characters
✓props such as gadgets and vehicles
✓different ways the game might be played

Discover & Do Activity 3: Market research for your game

🕑
Extended Project

To help you design the best game, create a questionnaire to ask your class. You might want to ask about
their favourite type of computer game, how often they play them and which characters they like to be, etc.
